The Christie Plan

The **Christie** is a beautifully designed **ranch-style home** that blends open-concept living with thoughtful functionality, offering everything you need on one convenient level—**plus a finished basement** for even more space!

Step through the welcoming foyer into a bright and spacious layout. The heart of the home features an open kitchen, dining, and living area, perfect for entertaining or cozy nights in, with a patio just outside for enjoying Colorado's beautiful weather.

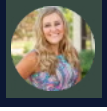

The primary suite is tucked at the rear of the home for privacy, complete with a large walk-in closet and a spa-inspired bathroom featuring dual sinks and a walk-in shower. A secondary bedroom with adjacent full bath at the front of the home provides comfort for guests or family. Everyday convenience is built in with a laundry room just off the garage, plus extra pantry and storage space.

Finished Basement

The finished basement adds two additional bedrooms with closets, a full bath, and a generous recreation room —ideal for a home theater, gym, or game space.
