3,038 Finished Sq Ft. 4 Bedrooms 3.5 Full Baths 2 Car Garage 2.0 Stories

Welcome to the Oakley—our largest floorplan, thoughtfully designed to provide generous space for the whole family. Unlike many homes that sacrifice bedroom size to fit more rooms, this expansive 3,038-square-foot layout offers large, comfortable spaces throughout—from the oversized bedrooms to the impressive walk-in pantry. Upstairs, a spacious loft creates separation between the primary suite and the guest bedrooms, offering privacy and flexibility. The primary retreat features two oversized walk-in closets, while one of the guest bedrooms boasts its own en-suite bath and walk-in closet—perfect for guests or multi-generational living. On the main level, you'll find an open-concept layout that still maintains a sense of definition, creating a warm, livable atmosphere. A flex room at the front of the home provides the perfect space for a home office, formal sitting room, or cozy reading nook. The extra-deep garage offers ample room for your full-sized truck, custom built-ins, and even space to comfortably open your doors—no tight squeeze here! To top it off, this move-in ready home includes all major appliances—refrigerator, washer, and dryer—so you can settle in with ease.

There's so much to love about the Oakley!

This home will be finished with Chai latte painted maple cabinetry, Marina Dekton (engineered stone) countertops, Marina (warm) vinyl plank throughout the main level of the home with upgraded Kindling chevron patterned carpet on the second story, 12x24 Calacatta vinyl floor tile in laundry and bathrooms, black faucets and bathroom accessories. Stainless steel kitchen appliances with gas cooktop. Included refrigerator, washer and dryer!

Photos are of a previously completed home, therefore finishes may be different in the actual home.
