The Christie Plan

The **Christie** is a beautifully designed ranch-style home that blends open-concept living with thoughtful functionality, offering everything you need on one convenient level—**plus a finished basement** for even more space!

Step through the welcoming foyer into a bright and spacious layout. The heart of the home features an open kitchen, dining, and living area, perfect for entertaining or cozy nights in, with a patio just outside for enjoying Colorado's beautiful weather.

The **primary suite** is tucked at the rear of the home for privacy, complete with a large **walk-in closet** and a spa-inspired **bathroom** featuring dual sinks and a walk-in shower. A **secondary bedroom** with adjacent full bath at the front of the home provides comfort for guests or family. Everyday convenience is built in with a **laundry room** just off the garage**,** plus extra pantry and storage space.

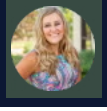

Finished Basement

The finished basement adds two additional bedrooms with closets, a full bath, and a generous **recreation room** ideal for a home theater, gym, or game space.
