The Christie is a beautifully designed ranch-style home that combines open-concept living with thoughtful functionality — all on one convenient level, plus a finished basement for even more space. The bright and spacious main level features an open kitchen, dining, and living area that flows seamlessly to a covered patio, perfect for entertaining or relaxing outdoors.

The private primary suite offers a spa-inspired bath with dual sinks, a walk-in shower, and a large walk-in closet, while a secondary bedroom and full bath at the front of the home provide comfort for guests or family. The finished basement adds two additional bedrooms, a full bath, and a large recreation room ideal for a home theater, gym, or game space.

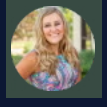

This home is beautifully finished with Smoke Maple shaker cabinetry, Helix quartz kitchen countertops, Lighthouse LVP flooring, Sand carpet, an electric fireplace, gourmet chef induction appliance package, stainless steel fixtures, Drift of Mist walls, and a striking exterior featuring Gray Area, Vital Yellow, Urbane Bronze accents, and a bold Salty Dog front door.
